

Shenyang City University

2022 Top-up Degree Programme Enrollment

Shenyang City University(SYCU) is a private higher education institution approved by the Ministry of Education. It is a comprehensive university with 44 undergraduate majors in 7 disciplines: science, engineering, economics, management, literature, law and art. With the beautiful campus environment and unique artistic atmosphere, it is known as one of the “most beautiful universities in China”. As “Three-integrity Education Model University of Liaoning Province”, “Civilized Campus in Liaoning Province” and “Employment Superiority College in Liaoning Province”, SYCU assumes the responsibility of serving the local social and economic development, and gives full play to the advantages of a comprehensive university in a wide range of disciplines. It also integrates higher education with science, technology and humanities, and forms unique features and comparative advantages in the fields of artificial intelligence and intelligent manufacturing, smart hotel and featured tourism.

Top-up Degree Programme		
No.	Code	Major
1	080901	Computer Science and Technology
2	120901K	Tourism Management

1. Computer Science and Technology

Computer Science and Technology is one of the first disciplines established by SYCU. According to the needs of society, the major constantly improves and adjusts the teaching methods and training direction, combines the development trend and talent demand of intelligent manufacturing industry and information industry, highlights the cultivation of applied talents, and focuses on training students' engineer quality, engineering practice ability and craftsman spirit.

Computer Science and Technology

Computer Science and Technology gives full play to the platform advantages of mutual support from the intelligent manufacturing major group, and deepens the integration of industry and education, school-enterprise cooperation, and collaborative education. It conducts in-depth cooperation with LaBRI Laboratory of University of Bordeaux, State Key Laboratory of Industrial Control Technology of Zhejiang University, Human-Computer Cooperation Laboratory of Northeast University, Shenyang Institute of Automation Chinese Academy of Sciences, Shenyang SIASUN Robot Automation Co., Ltd. and other scientific research institutes and enterprises, which jointly undertakes a number of teaching and scientific research projects.

Relying on Liaoning Humanoid Robot Experimental Teaching Demonstration Center, Shenyang Humanoid Robot Key Laboratory, Software Engineering Laboratory and Network Engineering Laboratory, and cooperating with Shenyang International Software Park Talent Service Center, Shenyang TechBroad Group, Neutech, Beijing QFedu and other well-known enterprises at home, the major focuses on the fields of intelligent manufacturing industry and information industry, integrates courses and industry standards, combines teaching process and R&D process, and cultivates innovative and applied talents through multiple channels.

Tourism Management

Tourism Management is a characteristic major of SYCU, with strong comprehensive strength and fruitful achievements in the fields of teaching staff, talent training, curriculum system, practical teaching, and industry–university research cooperation, etc. Focusing on the core areas of tourism service reception, tourism resource planning and design, tourism enterprise operation and management, the major implements SYCU educational philosophy of “Professional Situational Teaching, Competency–Centered Education”, emphasizes cultivating students’ autonomous learning and practical learning, and establishes a characteristic talent development mechanism which is oriented to the fields of travel agencies, scenic spots and hotel management.

Tourism Management

The major cooperates fully with Chinese well-known tourism industry enterprises, including China Tourism Group, Hangzhou Worldland, Shanghai Disney, Guangzhou Chimelong, Liaoning Tourism Investment Group, Liaoning CCT International Travel Agency, and Shenyang Qipanshan Scenic Spot, etc., which jointly provides intellectual support for national and local tourism industries. It is the pilot unit and examination site of the “1 + X” Research Travel Planner of the Ministry of Education, and the examination site in Hunnan district of Liaoning Province of National Tour Guide Qualification Exam. It has been rated as “Liaoning Talent Training Mode Reform and Innovation Experimental Zone”, “Liaoning Undergraduate Colleges and Universities Experimental Teaching Demonstration Center”, “Liaoning Virtual Simulation Experimental Teaching Center” and “Liaoning Comprehensive Experimental Teaching Center”.
